

Pupil Council Tuesday 20 September 2016

Set up hall:

- **A blank flipchart sheet and pen on each table**
- **A register sheet on each table**

Introductions:

Joe and Olivia introduce yourselves as S5 captains

Housekeeping: Ask each pupil to sign the register sheet with their full name and Home Room class, if they don't know the class ask them to write the teacher's name.

Main Task:

Allow group discussion and write ideas on the flip chart paper.

Ask pupils to discuss and identify on the sheet pupil priorities for the coming session to be included in the School Improvement Plan (not toilets or wifi, those are already being actioned).

Second task led by Deputy Head Boy: Ben introduce yourself as the new Deputy Head Boy.

Separate the council into two halves and explain the task.

One half of the tables should be tasked with improving the actual points system and the other come up with ways to improve pupil engagement such as rewards for winning classes and houses.

Please at the end gather the flipchart paper and at some point over the next week collate all the feedback onto a word document which you can take to the SPLT meeting to give feedback on your recommendations for the School improvement plan. This will be shared with Home Rooms next week.

Please also gather and deliver all of the registers and take to the office.
